The Smart Classic cover is an elegant and functional case made of high-quality material that imitates natural leather. The matte black cover adds a tasteful look, while effectively protecting the phone from scratches, shocks, and other damage. The interior of the cover contains three carefully stitched card pockets, allowing for the storage of important documents in one place. An additional safeguard is provided by a magnet located in the flap, effectively preventing accidental opening of the case. Precise cutouts in the case and cover ensure easy access to all necessary ports without limiting the phone's functionality. Three openings on the outside allow for phone conversations without the need to open the cover, making it convenient and practical to use. The Smart Classic case combines style with protection, creating a comprehensive solution for smartphone users.
