Anti Shock 1,5 mm case for iPhone 17 Pro 6,3" / iPhone 18 Pro 6,3" transparent big hole

GSM278009
5908067012200

The Anti Shock cover is an aesthetic high-quality product. The Anti Shock series is characterized by reinforced corners and an increased thickness of up to 1.5 mm. The TPU material used and the thickness of the cover ensure greater protection for the phone against shocks and scratches. The cover is fully transparent. An additional textured inner layer prevents moisture accumulation and sticking of the cover to the smartphone casing. The Anti Shock series has cutouts for all ports and embossed areas for buttons.- The cover minimally increases the size of the smartphone.- It can be successfully used in car mounts. - It does not limit the functionality of wireless chargers and magnetic stickers. We remind you that a natural property of TPU (thermoplastic polyurethane) is the process of darkening. This occurs after prolonged use or contact with dyes. High exposure to sunlight also causes discoloration.

Specification

Brand:	TFO
