

## Anti Shock 1,5 mm case for Samsung Galaxy A55 5G transparent

GSM179002  
5907457721579

The Anti Shock Series is distinguished by reinforced corners and an increased thickness of up to 1.5 mm. The TPU material used and the thickness of the overlay ensure greater protection of the phone against shocks and scratches. The overlay is fully transparent. An additional rough inner layer prevents moisture buildup and adhesion of the overlay to the smartphone case. The Anti Shock Series has cutouts for all ports and embossed areas for the buttons.

### Спецификация
