Defender Slide case for iPhone 16e / 17e black

GSM186850
5907457798526

Defender Slide is a reinforced case that provides good protection for the device. The product consists of several layers that stiffen and reinforce its construction. The cover is made of PC and TPU and has a built-in aluminum finger grip. The entire series has a movable camera cover that protects the lenses and provides privacy. Additionally, higher edges protect the screen from cracking or scratching. The covers have the necessary cutouts for ports and embossed impressions for the buttons.
