

# Converter SAT QUAD TELEVES [761001]

RTV000259  
8424450137734  
761001

Universal Quad LNB from Spanish manufacturer Televes with a noise figure of 0.3dB. Characteristic colour of the housing Televes brand. Waterproof casing with markings of outputs. The F connectors are protected by a sliding cover. The latest model is resistant to LTE interference, very useful. This model is resistant to LTE interference - a very useful advantage when there is an LTE transmitter in the neighbourhood. Have at home devices operating in this band. Recommended for 4 different receivers or up to two receivers PVR Twin for simultaneous recording and viewing of different channels from different bands and polarisations (V and H).
