The Mag Invisible case is a perfect blend of functionality, protection, and style. Made from the highest quality liquid silicone, it is pleasant to the touch, durable, and scratch-resistant. One of the key features of this case is the internal microfiber lining. The soft fabric provides extra protection for the phone, effectively guarding it against scratches and dirt. The case is fully compatible with MagSafe technology, allowing for easy and secure wireless charging. The magnetic ring placed inside the case enables seamless wireless charging while maintaining the aesthetic appearance of the product without visible magnetic components. The Mag Invisible case features precise cut-outs for ports, allowing convenient access to all phone functions without the need to remove it. In addition to its functionality, the case stands out with its modern design. It is available in a wide range of pastel colors that enhance the appearance of the phone and align with the latest trends.
