6976757303906

The Vmax 2.5D protective glass is an excellent choice for smartphones, providing exceptional clarity and effective protection with a hardness of 9H. The rounded 2.5D edges ensure perfect adherence to the screen, resulting in comfortable use and an aesthetic appearance. The glass is scratch-resistant and waterproof, protecting the screen from splashes. The special oleophobic coating minimizes fingerprints, keeping the screen clean and streak-free. Thanks to its shatter-resistant properties, it effectively reduces the risk of screen damage from impacts. Made from high-quality Japanese Asahi glass, it is characterized by exceptional resistance to impacts and pressure, making it an excellent protection against scratches and other mechanical damage.

### Specification

**Brand:** VMax  
**Thickness:** 0,33 mm  
**Hardness:** 9H  
**Material:** tempered glass  
**Warranty:** 24 month

### Attribute

- screen protection

### Compatibility

- iPhone 17 Pro Max
- iPhone 16 Pro Max
