

Maxlife MXWT-100 walkie talkie set orange - green

OEM0200599
5907457738737

A set of two walkie-talkies is a great outdoor fun for kids. The children's walkie-talkies use clear voice technology, eliminating interference, and have 3 channels for communication. The sound quality is clear and smooth, and the adjustable volume allows children to stay in constant contact with family and friends. The walkie-talkies enable parents to monitor their children in real-time, providing a stable communication method. They feature low energy consumption, a compact and lightweight design that is comfortable for a child's hand. The back clip makes it easy to carry the device. Equipped with a backlit LCD display, the walkie-talkies are also useful at night, ensuring good visibility. The simple design with visible and easy-to-press buttons and intuitive
