5900495978523

Forever Flexible is a series of universal silicone cables with a silver finish. They are extremely flexible and resistant to tangling. Depending on the variant, they have a length of 1m to 2m. Thanks to the metal frame at the joint and extended stiffening, Forever Flexible are additionally protected against breaking. Cables can be used both for charging devices and for data transfer. The packaging of these products contains less plastic.
