Car Holder MACH-100The MACH-100 car holder, mounted on the air vent, is equipped with wireless charging functionality. It is compatible with Apple phones, supporting MagSafe charging. Thanks to the magnetic mounting, the iPhone will hold firmly and securely, regardless of the route. The holder is equipped with strong magnets that stabilize the phone, ensuring safety while driving. Versatility and Fast ChargingThe MACH-100 is versatile and can be used with various brands and models of phones that support standard wireless charging. The holder provides fast charging at 15W. Additionally, the anti-break system ensures that the holder will not break off from the air vent even during dynamic driving.
