You just got your hands on Tilly of the Forever brand. It is a part of a family of domesticated and mobile loudspeakers. It looks delicate, and is covered with high quality silicone coating. It bursts with energy, thanks to built-in 300 mAh lithium battery. Tilly can play for up to 2.5 hour. When its energy drops, you have to simply supply it with power in a traditional manner. Sometimes, he likes to change its look. Thanks to overlays included in the set, you may help him change his shell. Tilly is your new companion, whose nature is music.
