Forever Projector MLP-110

GSM108079
5900495914668

Forever MLP-110 projector is to render images thanks to Full HD resolution and a very good brightness of 1 800 lumens. The device has a great display life - up to 30 000 hours. The maximum projection area reaches up to 120". The device is lightweight and compact. Forever MLP-110 is an LED projector ideal for everyday office work, occasional gaming at home or on the go. MLP-110 has many projection applications. The device allows projection from a distance of 1 to 35 meters with a size of 30" to 120". The Forever MLP-110 projector offers great editing capabilities for on-screen content, such as changing the aspect ratio from 16:9 to 4:3 or reducing the keystone distortion by +/- 15°. It is fast and reliable mainly thanks to the integrated 1 GB RAM and 4 GB internal memory. On the other hand, the energy-saving LED lamp has a very long service life, which depends on normal use as well as on the projected content. Translated with www.DeepL.com/Translator (free version)

Specification

Lumens number: 1 800 lm

Power consumption: 55 W

Working temperature: 0 - 30°C

Input port type: AV
SD

Output port type: 3,5 mm (mini-jack)

Memory cards support: SD (up to 32 GB)

Image format: 4:3
16:9
