The eye-catching Glitter 3in1 cases are products that successfully protect smartphones from shocks and scratches. They attract attention with a glitter layer in expressive colors. Glitter 3in1 is a series in which each of the covers consists of three layers. The base layer and the transparent protective coating are made of TPU. The colorful center is a separate layer of PC with glitter applied to it. The whole creates a fitted and durable smartphone cover. Glitter 3in1 has precise cutouts and embossing on the side buttons.
