

Coaxial cable Technisat CE HD-30 30m white 0003/3611

RTV003496
4019588336117
0003/3611

Coaxial cable for connecting any devices operating in the 5MHz - 3GHz band (television, internet, radio). Suitable for: HDTV, 4K, DVB-T, SAT and cable TV. CCS copper conductor with a diameter of 1 mm. The dense aluminum braid provides effective insulation. An additional layer of aluminum foil. The diameter of the jacket Ø is 6.8 mm. The low bending radius of 35 mm provides convenience during installation. Impedance: 75 Ohm.

Specification

Cable length: 30 m
impedance: 75Ω
Brand: TechniSat
Colour: white
Warranty: 24 month
