

Maxlife car holder for air vent MXCH-11 magnetic black

OEM001524
5900495758248

Maxlife MXCH-11 car holder. The handle is distinguished by a magnetic system, making it very easy to use and fits a large number of devices. Assembly and disassembly are very simple. The product will work in almost every ventilation grille. In addition, the handle can be operated with one hand, which positively affects driving safety. The device does not interfere in charging the phone. A strong magnet ensures reliable device maintenance. Suggested sticking to the cover / phone cover.
