X329CC

The BWOO X329CC USB cable is made from high-quality, food-grade liquid silicone. It is extremely soft, flexible, and pleasant to the touch, and is also resistant to tangling. With increased abrasion resistance, it performs well in daily use, providing exceptional durability – it withstands over 10,000 bends. The thicker wires made of tinned copper guarantee stable and fast charging without excessive heating, even during intense use. Fast charging and data transmission The BWOO X329CC supports fast charging with a maximum power of 65W PD, allowing for quick charging of a wide range of devices with USB-C ports – from smartphones and headphones to gaming consoles and other equipment. The cable enables simultaneous charging and data synchronization at speeds of up to 480 Mbps, ensuring convenience and time savings. Smart and safe charging The durable TPE case guarantees user comfort and high resistance to mechanical damage. The built-in smart chip automatically recognizes the device and adjusts the current and voltage to its needs. This makes the charging process fast, efficient, and completely safe – without the risk of overcharging or overvoltage.

Specification

Data transfer:	yes (480 Mbps)
Packages type:	Box with positioning blister
Brand:	BWOO
Colour:	white
Cable length:	1 m
Connector:	USB-C (male)
Maximum power [W]:	65 W
Warranty:	12 mc

Attribute

- loading and sending data
