The Silicon Thin Mag case offers excellent protection for your phone. It is precisely made from durable and flexible silicone, providing not only effective protection against damage but also long-lasting use. Inside the case, there is a microfiber layer that further protects the back of the phone from scratches. The case has a minimalist design, perfectly fitting the phone. This allows the user to enjoy full protection without sacrificing the convenience of using the device. The case is fully compatible with MagSafe technology, allowing for seamless use of accessories and chargers of this standard. The raised camera island ensures a perfect fit and protection for the lenses, while also allowing free use of photography functions. The case is available in various color options.
