Shine is a classic transparent cover for smartphones with a touch of glitter. It is a universal and aesthetic type of protection. Products made from TPU material look great thanks to the thicker frame. The Shine series consists of covers with a thickness of 2 mm. The lightweight and flexible product fits perfectly to the device. The case does not increase the weight or size of the smartphone. The bumps on the buttons and precise cutouts for ports ensure comfort of use. Product features: - The 2 mm Shine cover does not interfere with wireless charging; - The product is suitable for printing; - Effective protection for the smartphone against damage; - Safe use with car mounts. It is not recommended to expose the case to intense sunlight for prolonged periods. UV radiation may negatively affect its appearance.
