

Anti Shock 1,5 mm Mag case for iPhone 17 Pro Max 6,9" transparent big hole open ring

GSM195245
5907504572468

The Anti Shock MagSafe cover is an aesthetically pleasing high-quality product. The entire Anti Shock series is distinguished by reinforced corners and an increased thickness of up to 1.5 mm. The TPU material used and the thickness of the cover guarantee greater protection for the phone against shocks and scratches. The cover is fully transparent. An additional rough inner layer prevents moisture accumulation and the cover from sticking to the smartphone's casing. Anti Shock products have cutouts for all ports and embossed areas for buttons. - The cover minimally increases the size of the smartphone. - It can be successfully used in car mounts. - It allows for wireless charging of the phone with a MagSafe charger. Please note that a natural property of TPU (thermoplastic polyurethane) material is the darkening process. This occurs after prolonged use or contact with dyes. Significant exposure to sunlight also causes discoloration.

Specification

Brand: TFO
Colour: transparent
Thickness: 1,50 mm
Material: PC
TPU (thermoplastic polyurethane)
Compatible with MagSafe: yes
Magnet Power: 2000 Gs
