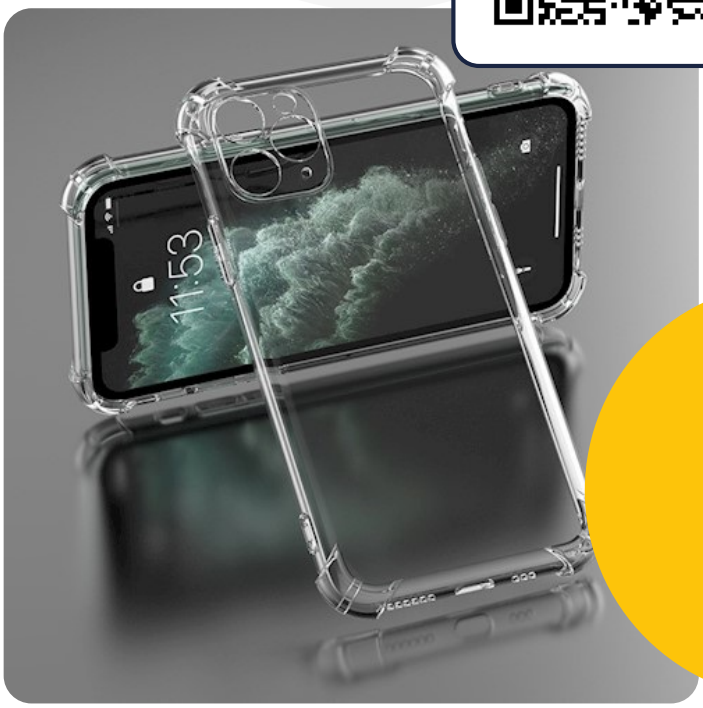
Anti Shock 1,5 mm case for Honor X5c Plus transparent

GSM195284
5907504572888



The Anti Shock cover is an aesthetically pleasing high-quality product. The Anti Shock series is distinguished by reinforced corners and an increased thickness of up to 1.5 mm. The TPU material used and the thickness of the cover guarantee greater protection for the phone against shocks and scratches. The cover is fully transparent. The additional rough interior layer prevents moisture accumulation and adhesion of the cover to the smartphone case. The Anti Shock series has cutouts for all ports and embossed areas for buttons.- The cover minimally increases the size of the smartphone. - It can be successfully used in car mounts. - It does not restrict the functionality of wireless chargers and magnetic stickers. Please note that the natural property of TPU material (thermoplastic polyurethane) is the yellowing process. This occurs after prolonged use or contact with dyes. Prolonged exposure to sunlight also causes discoloration.

Specification

Brand: TFO
Colour: transparent
Thickness: 1,50 mm
Material: TPU (thermoplastic polyurethane)
Compatible with MagSafe: no
Packages type: pouch
Warranty: 12 mc

Attribute

- phone protection
