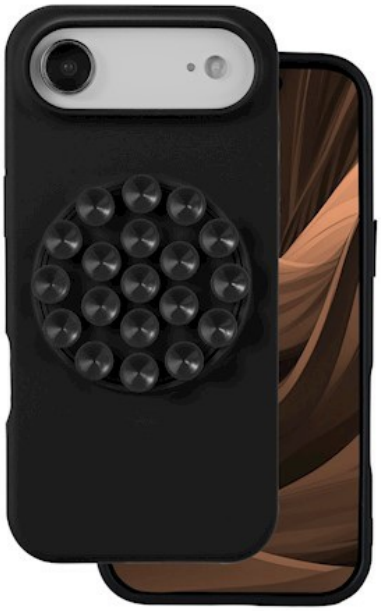
Silicone Stick case for iPhone 17 Air 6,6" black

GSM195577
5907504578064



The Silicone Stick cover is a flexible and durable shield made of high-quality silicone and PC material that effectively protects the phone from scratches and impacts. Equipped with an innovative suction cup, it allows for stable mounting of the device on smooth surfaces, making hands-free use of the phone easier. The inner lining and raised camera island enhance protection, while the slim design (1.5 mm) does not bulk up the device. Available in three modern colors: black, blue, and burgundy.

Specification
