Anti Shock 1,5 mm Mag case for Samsung Galaxy S26 transparent big hole

GSM273966
5907674516774

The Anti Shock MagSafe case is an aesthetic, high-quality product. The entire Anti Shock series features reinforced corners and an increased thickness of up to 1.5 mm. The TPU material used and the thickness of the case ensure greater protection for the phone against shocks and scratches. The case is fully transparent. An additional rough inner layer prevents moisture accumulation and the case from sticking to the smartphone's body. Anti Shock products have cutouts for all ports and embossed areas for buttons. - The case minimally increases the size of the smartphone. - It can be successfully used in car mounts. - It allows wireless charging of the phone with a MagSafe charger. Please note that the natural property of TPU (thermoplastic polyurethane) material is the darkening process. This occurs after prolonged use or contact with dyes. High exposure to sunlight also causes discoloration.

Specification

Brand:	TFO
Colour:	transparent
Thickness:	1,50 mm
Compatible with MagSafe:	yes
Magnet Power:	2000 Gs
Packages type:	pouch
Warranty:	12 mc
