

## Anti Shock 1,5 mm case for Realme 16 Pro Plus 5G transparent

GSM275088  
5907674540502

The Anti Shock case is an aesthetic high-quality product. The Anti Shock series is distinguished by reinforced corners and an increased thickness of up to 1.5 mm. The TPU material used and the thickness of the case guarantee greater protection for the phone against shocks and scratches. The case is fully transparent. An additional rough inner layer prevents moisture from accumulating and keeps the case from sticking to the smartphone's body. The Anti Shock series has cutouts for all ports and embossed areas for buttons. - The case minimally increases the size of the smartphone. - It can successfully be used in car mounts. - It does not restrict the operation of wireless chargers and magnetic stickers. We remind you that a natural property of TPU material (thermoplastic polyurethane) is the darkening process. This occurs after prolonged use or contact with dyes. High exposure to sunlight also causes discoloration.

### Specification

**Brand:** TFO  
**Colour:** transparent  
**Thickness:** 1,50 mm  
**Compatible with MagSafe:** no  
**Packages type:** pouch  
**Warranty:** 12 month

### Attribute

- phone protection
- precise cutout for the camera
