Anti Shock 1,5 mm case for iPhone 17 6,3" / iPhone 18 6,3" transparent big hole

GSM278412
5908067016130

The Anti Shock case is an aesthetic high-quality product. The Anti Shock series is distinguished by reinforced corners and an increased thickness of up to 1.5 mm. The TPU material used and the thickness of the case guarantee greater protection for the phone against shocks and scratches. The case is fully transparent. An additional rough internal layer prevents moisture accumulation and the case from sticking to the smartphone's body. The Anti Shock series has cutouts for all ports and embossed areas for buttons.- The case minimally increases the size of the smartphone.- It can successfully be used in car mounts. - It does not limit the functionality of wireless chargers and magnetic stickers. We remind you that the natural property of TPU (thermoplastic polyurethane) material is the darkening process. This occurs after prolonged use or contact with dyes. High exposure to sunlight also causes discoloration.

Specification

Brand: TFO
Colour: transparent
Thickness: 1,50 mm
Material: TPU (thermoplastic polyurethane)
Compatible with MagSafe: no
Packages type: pouch
Warranty: 12 mc

Attribute

- phone protection
