Smart Luxe leather case for Samsung Galaxy S25 FE / S26 FE brown

GSM278782
5908067020403

The Smart Luxe leather case is available in two color variants – deep black and muted brown. The smooth texture of the outer material gives the accessory a prestigious appearance and remains pleasant to the touch. The matte surface minimizes the appearance of visible signs of use, such as fingerprints or small greasy stains. Aesthetic stitching along the edges reinforces the entire construction, which leads to the long-lasting preservation of the original shape. The case acts as a protective barrier, safeguarding the front and back of the device from the effects of drops and everyday rubbing against other items in a bag or pocket.

Specification
