BMS-300 is the perfect fun microphone that provides great entertainment regardless of age. Sing your favorite songs solo, with family or friends, and feel like a star on stage. With a built-in speaker, the microphone combines the functions of amplification and vocals, eliminating the need for additional equipment. The voice modulator allows you to sing in four different modes, adding impressive changes to your performance. Additionally, the ability to adjust the reverb makes every sound even better. BMS-300 is an excellent choice for parties, karaoke, and home recitals – have fun with music, regardless of your vocal skills!
