Buy now

Maxlife MXRC-400 Amfibia – a car that drives and swims! An extraordinary 2-in-1 remote-controlled vehicle that can handle any surface – on land and in water! Thanks to its special design, the car smoothly transitions from driving on the floor, sand, or grass to swimming in water. Agile, fast, and splash-resistant, it guarantees long hours of exciting fun. Key features: Driving on land and swimming in water. Waterproof, durable construction. Easy RC remote control. Long playtime thanks to the battery. Perfect gift for small and big car enthusiasts.
