Satellite converter designed for receiving digital channels broadcast in high quality from a single satellite. Two outputs allow for the independent connection of two different receivers or one receiver equipped with two LNBs. The converter is characterized by professional workmanship based on the latest technology. A noise figure of 0.1dB allows for a high level of signal strength and quality. Technical data: Noise figure: 0.1dB Polarization: linear H/V Frequency range: from 10.7 GHz to 12.75GHz Bracket diameter: 40mm 100% water protection Quantity in a carton: 100 pcs. EAN: 5908266365398 Specification: Brand: Opticum Frequency range: 10.7 – 12.75GHz Bracket diameter: 40mm Quantity in a carton: 100 pcs.

Specification

Quantity per pack: 100 pcs.
Type of product: SAT converter
Diameter: 40 mm
Frequency range : 10,7 GHz - 12,75GHz
Additional informations: Polarization: linear H/V
Brand: Opticum
Colour: white
black
Warranty: 12 month
