5900495945341

Filament LED bulbs from Forever Light are a product with a unique aesthetic. Their design features large LED filament emitters that resemble the appearance of classic bulbs. The bulbs stand out with ultra-warm light similar to the effect of tungsten filaments. The technology used is a unique combination of multiple chips on an elongated and curved surface coated with phosphor. These are excellent bulbs for styled interiors and decorative lamps. The product is available in versions with a clear or tinted glass globe. The Filament bulb can be used for everyday applications. It has a low operating temperature. The product does not contain toxic compounds of lead or mercury, does not emit UV or IR radiation. The product comes in various power options and color temperatures indicated in the name and specifications tab.

Specification

Brand: Forever Light	Colour: smoky
Energy class: F	Color temperature: 2000K
Thread type: E27	Working voltage: 230V 50 Hz
Current: 12 mA	Power consumption: 4 W
Lumens number: 400 lm	Light angle: 300°
Diameter: 64 mm	Net weight: 43 g
Gross weight: 70 g	Lifetime: 15 000 h.
Working temperature: -20°C up to +45°C	Flash point: < 0,5s
Warm-up time: < 1 s	Power factor (PF): > 0,4
CRI (Ra) factor: > 80	Dimmer: no
Equivalent of an old light bulb: 35 W	Warranty: 24 month
