5907504519951

Forever Light G9 ceramic LED bulbs are modern light sources designed with high quality and aesthetics in mind. The offer includes models with power 3.6W – 440 lm and 6.2W – 690 lm, which guarantee efficient and even lighting while maintaining low energy consumption. Thanks to their compact design and ceramic housing, they are ideal for decorative lamps, wall sconces, or chandeliers. Customers can choose from three color temperature variants: 3000K, 4000K, and 6000K. The warm color (3000K) encourages relaxation and creates a cozy atmosphere, the neutral one (4000K) is a universal choice for everyday use, while the cool color (6000K) ensures maximum brightness and clarity. This allows for the perfect adjustment of Forever Light G9 bulbs to the character of the interior. The G9 base enables quick and convenient installation in popular fixtures, especially in modern and designer lamps. The products have an energy class E, which means energy savings compared to traditional light sources. Additionally, the ceramic construction improves heat dissipation, increasing the durability and reliability of the bulbs. Forever Light G9 ceramic bulbs combine efficiency, elegance, and modern LED technology. They work excellently in apartments, hotels, restaurants, or offices, providing effective, durable, and aesthetic lighting. This is an excellent choice for customers seeking high quality and elegance in a compact form.

Specification

Brand:	Forever Light
Color temperature:	6000K
Thread type:	G9
Frequency range:	50-60 Hz
Power consumption:	3,60 W
Diodes number:	32 szt.
Light angle:	360°
Package dimensions (mm) length x width x height:	63 x 20 x 132mm
Net weight:	11 g
Lifetime:	20 000 godz.
Flash point:	< 0,5s
Number of on/off:	> 15 000
CRI (Ra) factor:	>82
Equivalent of an old light bulb:	38 W
Mercury content:	0 mg
Certificate:	CE EMC RoHS
Shipping carton dimensions:	22,5 x 18 x 14,5cm
Energy class:	E
Light Color:	cold white
Working voltage:	220 - 240 V AC
Current:	33 mA
Lumens number:	440 lm
Diodes type:	2835
Product dimensions (mm) length x width x height:	17 x 17 x 54mm
Packages type:	box
Material:	ceramics PC
Working temperature:	-20°C up to +45°C
Warm-up time:	< 0.5 s
Power factor (PF):	>0,45
Dimmer:	no
LLMF:	>90%
Warranty:	36 mc
Quantity per pack:	100 szt.
