

Telefon myPhone Halo C

TELAOTELMYP00209
5902983609315

With a 2.2 inch colour display, user-friendly menus and a clear font, the Halo C is easy and comfortable to use. As a result, the phone provides peace of mind and confidence in contacting loved ones. The phone fits well in the hand, and large buttons provide exceptional comfort. Braille characters on the keys and a function to "read" the entered digits, e.g. when dialling, increase the comfort. myPhone Halo C is distinguished by its timeless ergonomic and elegant casing. The metal frame gives it a prestigious look and also increases its durability, additionally protecting it against possible falls. The battery with a capacity of up to 1900 mAh guarantees up to 10 hours of continuous talk time. Now you can forget about the charger for a few days and talk to your heart's content. myPhone Halo C is equipped with a camera, thanks to which you can capture the most important moments. Use your friends' photos to set up photo contacts and enjoy their proximity. Charging the phone is trivial. Now, to use it for longer, simply put the model on the station. An adapter for traditional charging is also included.
