HAMMER Blade V 5G is a sturdy phone for work in the field and on construction sites. It has fast 5G connectivity, Wi-Fi 6 and eSIM, so it also serves as a corporate tool. The rugged chassis (water, dust, and drop resistance) and a large, readable display facilitate daily use. It also offers an efficient Android 13 system, ample storage, NFC for payments, night vision features, and a removable 5000 mAh battery.
