The polycarbonate housing retains its colour even after a scratch, and the soft rubber keys are comfortable to use. The phone lies well in your hand. With the Nokia 215 Dual SIM you can change SIM cards. Nokia 215 has Facebook, Messenger, Twitter, Bing, MSN Weather and Opera Mini. The Nokia 215 supports Bluetooth audio transmission. With the Nokia 215, you can connect with friends or find information on the internet. The phone can brighten up the darkness at any time late at night and when the light is off because it has a torch. Extremely long battery life and impressive durability are the advantages we offer as standard.
