

Mobile phone Nokia 105 2023 Dual Sim black

TELAOTELNOK00028
6438409085863

Nokia 105 2023 is a reliable and durable smartphone that stands out with a larger battery, durability, and extended battery life. Thanks to a 25% larger battery compared to the previous model, you can enjoy longer usage without frequent charging. The robust construction of this phone makes it perfect for active individuals and those working in challenging conditions. The large display allows for convenient content browsing, while the intuitive menu navigation ensures user-friendly operation. Nokia 105 2023 is the ideal device for those seeking reliability and functionality in one package.
