Meet HMD Frodo – a phone that combines classic simplicity with modern conveniences to meet the expectations of every user. With dedicated music buttons and a powerful 2W speaker, you can enjoy your favorite sounds wherever you are – at home, on a walk, or picnicking. The FM radio and MP3 file support ensure that music is always at hand, even without the internet. The durable 2500 mAh battery allows for a month of standby time and retains over 80% capacity even after 500 charging cycles. This device is designed for long-term use. The practical USB-C port makes charging easier, and with dual SIM, you can balance your personal and professional life without the need to carry two phones. HMD Frodo features a compact, handy design and a 2.4-inch display that provides comfortable handling. The IP54 protection rating makes the phone resistant to dust and splashes – perfect for any weather. The rear QVGA camera lets you capture important moments, and the memory expandable up to 32 GB will hold all your favorite songs and photos. Bluetooth 5.0 allows for easy connection to headphones or a speaker, and the classic 3.5 mm jack lets you use your favorite audio accessories. This is a phone for those who value reliability, simplicity, and having music always at hand. HMD Frodo – because not everything needs to be smart to work great.
