The Smart Magnet case is an excellent combination of protection and style, made from durable material with an interesting texture and a pleasant touch surface. The interior of the case is soft, effectively protecting the screen from scratches. An additional advantage is the practical pocket for cards or banknotes. The perfectly fitted TPU silicone overlay ensures stable phone retention while providing easy access to all ports and buttons—without the need to remove the device from the case, even while charging. The case features intelligent magnetic closure with hidden magnets, eliminating the need for a clip. The Video Mode function allows you to bend the back part of the case, transforming it into a convenient stand for watching movies or photos in a horizontal position. The elevated edge of the silicone insert further protects the display, and the slim design ensures that the case does not bulk up the phone, maintaining its portability and aesthetics. Product images are for reference. Each case has appropriately tailored cutouts for the specific phone model.
