The Smart Magnet case is an elegant and functional solution that combines style and protection thanks to a durable material with a pleasant texture. The soft interior effectively protects the screen from scratches, while the practical pocket allows for storing cards or banknotes. The TPU silicone overlay securely holds the phone, providing easy access to all ports and buttons without the need to remove the device. The magnetic closure eliminates the need for a clip, and the Video Mode feature allows for comfortable movie watching by bending the back of the case. The raised edge additionally protects the screen, and the slim design does not add bulk to the phone, maintaining its aesthetic appearance and ease of use.
