The Smart Magnet case is the perfect combination of protection and style, made from durable material with an interesting texture and a pleasant touch surface. The interior of the case is soft, effectively protecting the screen from scratches. An additional advantage is the practical pocket for cards or banknotes. The perfectly fitted TPU silicone overlay ensures stable holding of the phone while providing easy access to all ports and buttons – without the need to remove the device from the case, even while charging. The case is equipped with a smart magnetic closure with hidden magnets, eliminating the need for a clip. The Video Mode feature allows you to bend the back part of the case, transforming it into a convenient stand for watching movies or photos in horizontal position. The raised edge of the silicone insert additionally protects the display, while the slim design ensures that the case does not add bulk to the phone, maintaining its portability and aesthetics.
