The Smart Magnet case is an excellent combination of protection and style, made from durable material with an interesting texture and a pleasant touch surface. The interior of the cover is soft, effectively protecting the screen from scratches. An additional advantage is the practical pocket for cards or banknotes. The perfectly fitted TPU cover guarantees stable phone holding while providing easy access to all ports and buttons - without the need to remove the device from the case, even while charging. The case features a smart magnetic closure with hidden magnets, eliminating the need for a clip. The Video Mode function allows you to bend the back of the case, transforming it into a convenient stand for watching movies or photos in landscape mode. The raised edge of the silicone insert additionally protects the display, and the slim design ensures that the case does not bulk up the phone, maintaining its portability and aesthetics.
