Buy now

The Smart Magnet case is a perfect combination of protection and style, made from durable material with an interesting texture and a pleasant-to-the-touch surface. The interior of the case is soft, effectively protecting the screen from scratches. An additional advantage is the practical pocket for cards or banknotes. The perfectly fitted TPU silicone cover ensures stable hold of the phone while providing easy access to all ports and buttons - without the need to remove the device from the case, even while charging. The case is equipped with an intelligent magnetic closure with hidden magnets, eliminating the need for a clip. The Video Mode function allows you to fold the back of the case, transforming it into a convenient stand for watching movies or photos in a horizontal position. The raised edge of the silicone insert further protects the display, while the slim design ensures that the case does not bulk up the phone, maintaining its portability and aesthetics. Product photos are for illustration purposes. Each case has appropriately matched cutouts for the specific model of the phone.
