High-capacity power bank MXPB-02 from Maxlife is a powerbank whose capacity guarantees charging for many hours with a power of 20 W. Output ports allow you to connect several devices at the same time. Powerbank charges faster due to Power Delivery technology. In addition, the MXPB-02 has diodes informing about the level of energy remaining in the battery. The user has a choice of USB-C or microUSB inputs. The minimalist design gives the effect of a timeless look. The product is black, has a matte finish and an aesthetic panel on the housing with a rough surface. The MXPB-02 series is sold in plastic-free boxes.
