PR231

We present our latest innovation in the field of portable magnetic power banks, the XO 10000 mAh power bank. With a capacity of 10000 mAh, it is a reliable charging companion on the go. Featuring a sleek ABS + PC design, it is both durable and lightweight. Equipped with USB-C input and output ports, it supports fast charging with an input power of up to 18 W and an output power of 20 W. Additionally, you can enjoy the convenience of wireless charging with support for output power options of 5 W, 7.5 W, 10 W, and 15 W. It comes with a convenient light display that indicates the power status. With its compact size, it is portable and easily fits in a bag or pocket. Supported protocols include QC2.0, QC3.0, AFC, FCP, PD2.0, and PD3.0, ensuring compatibility with a wide range of devices.
