The PD QC MXTC-08 Maxlife wall charger is a versatile and efficient wall charger that meets the needs of modern electronic devices. It provides maximum charging efficiency for multiple devices simultaneously. The MXTC-08 is a 65 W charger that supports the latest fast charging protocols, such as Power Delivery (PD) and Quick Charge (QC). This allows users to enjoy efficient and, above all, fast charging for both smartphones and laptops. It is the ideal power source for most modern phones, tablets, and laptops. Equipped with a smart system that automatically adjusts the current parameters to the needs of connected devices. The charger will always deliver the right amount of energy. The Maxlife MXTC-08 features three input ports, including 2x USB-C and 1x USB. This provides exceptional flexibility and the ability to charge three devices simultaneously.
