CE31

XO CE31 is an advanced 30W wall charger equipped with two ports: one USB QC and the other USB-C PD, along with an additional retractable cable with a USB-C connector. The retractable cable helps keep accessories organized, and the extra available ports provide the opportunity to use them when needed. It delivers enough power for fast charging even the largest available mobile devices. The classic design fits all types of interiors, and the quality of workmanship indicates that it is a solid and durable device.
