Baseus Share Together is a car charger with a double USB A socket and a double USB-C PD socket with a total power of up to 120W, to which you can plug the appropriate cable for charging mobile devices. Thanks to the small dimensions of the charger, the device takes up little space. With the Baseus car charger, you no longer have to worry about a discharged phone or tablet in the car, and the additional, extended USB A and USB-C sockets on the 150cm long cable will allow you to place the charging in the most needed place.
