The Forever CC-06 car charger with a power of 20W is equipped with 2 ports - USB and USB-C. It ensures fast and efficient charging on the go. The USB-C port supports popular fast charging protocols such as Power Delivery (PD) and Quick Charge (QC). This allows devices to be charged even faster, saving valuable time. Included with the charger is a 60W USB-C cable. It is capable of supporting fast charging for multiple devices, including laptops, smartphones, tablets, and more. The charger is solidly built, and its compact size makes it easy to fit into any compartment or pocket. Its durable construction ensures a long lifespan.
