The Smart Velvet case for smartphones combines elegance and functionality in one. This classic wallet-style cover will provide durable and stylish protection for many smartphone models. What sets our product apart are the tasteful colors and pleasant-to-touch eco-leather with a matte finish. A unique advantage of the product is the ability to position the phone horizontally thanks to the built-in stand. On the inner side of the case closure, there are two pockets that can hold payment cards, documents, or tickets. Additionally, on the closure side of the back of the case, there is a vertical, larger pocket that is suitable for storing larger documents or banknotes. With our case, you can forget about a traditional wallet. Other advantages of this product include the perforation at the speaker level, which provides comfortable conversations without the need to open the case. The solid internal housing ensures the safety of the smartphone with openings for all ports and side buttons, as well as a case closure with a built-in magnet.
