The Smart Velvet case for smartphones combines elegance and functionality in one. This classic wallet-style cover offers durable and aesthetic protection for many smartphone models. What sets our product apart are the tasteful colors and the pleasant-to-the-touch eco-leather with a matte finish. A unique feature of the product is the ability to position the phone horizontally thanks to the built-in stand. On the inner side of the case closure, there are two pockets that can hold payment cards, documents, or tickets. Additionally, on the closure side of the cover, there is a vertical, larger pocket suitable for storing larger documents or banknotes. With our case, you can forget about a traditional wallet. Other advantages of this product include perforation at the speaker level, which ensures comfortable conversation without the need to open the cover. The smartphone's safety is ensured by a solid internal structure with openings for all ports and side buttons, as well as a case closure with a built-in magnet.
