The Smart Velvet case for smartphones combines elegance and functionality in one. This classic wallet-style cover will provide durable and aesthetic protection for many smartphone models. What sets our product apart are the tasteful colors and pleasant-to-the-touch eco-leather with a matte finish. A unique advantage of the product is the ability to position the phone horizontally thanks to the built-in stand. On the inner side of the case closure, there are two pockets that can hold payment cards, documents, or tickets. Additionally, on the closure side of the back of the case, there is a vertical, larger pocket suitable for storing larger documents or banknotes. With our case, you can forget about a traditional wallet. Other advantages of this product include perforation at the speaker height, which ensures comfortable calls without the need to open the cover. The smartphone's safety is guaranteed by a solid inner casing with openings for all ports and side buttons, as well as a closure with a built-in magnet.
