

## Anti Shock 1,5 mm case for Samsung Galaxy A06 5G transparent

GSM192526  
5907504503783

The Anti Shock MagSafe case is an aesthetically pleasing high-quality product. The entire Anti Shock series features reinforced corners and an increased thickness of 1.5 mm. The use of TPU material and the thickness of the case ensure greater protection for the phone against shocks and scratches. The case is fully transparent. An additional rough inner layer prevents moisture buildup and the case from sticking to the smartphone body. The Anti Shock products have cutouts for all ports and embossed areas for buttons.
